A Pirates Tale

Our Summer musical this year is 'The Pirate Queen'. Based on the true story of Grace O'Malley; the infamous Pirate Queen of Ireland, and will be performed by PACS on the 22nd and 23rd June.

We're now in preparation for our Summer musical 'The Pirate Queen', featuring some great music, songs and dances, including music from 'A Pirates Tale' by kind permission of Paul Shapera and a Script by kind permission of Maverick Musicals.

Wonderful songs, some great Pirate, swashbuckling fun, and an amazing script. It's a show that everyone will enjoy.

Performances will take place at the Gainsborough Methodist Church and Town Hall Venue. Entry/Tickets will just be £3 per person, per show.

The Big Music Project

We've had an amazing two years working with LCVYS, UK Youth and TBMP. Some of our older members and volunteers have travelled to live events in Manchester and London, and have had an amazing time.

Here's hoping for another year on the project in 2019. It is a great nationwide project for anyone aged 13 to 21 who have an interest in performing and playing music, are passionate about music, and the music business.

A Welcome from the Chair

Greetings to all and a very warm, sunny and bright welcome to our summer news.

After an amazing year last year celebrating our 10th Anniversary with our epic 'Winter Wonderland' Concert, you'd think we'd have a break, well, that certainly isn't going to happen anytime soon! As you'll discover when you go through our activities and events over the coming months. Simply read on and we'll tell you much more as to what our plans now are for 2018/19.

Finally, from me, a huge thankyou to all supporters and volunteers for making things happen, and continuing to grow with the group and its members. See you all soon ☺

Connexions 4 Music

After securing funding from Santander the Performing Arts Club will be launching its community music project this Summer.

Our programme of music making activities will develop and grow across Summer 2018 through to 2019. The project will include Percussion workshops, a Guitar club, forming a band, Song Writing workshops, Music Technology, DJ skills, performance skills and live music events.

We're very excited to be able to offer all of these activities to the community, for all ages and abilities, so we'll keep you posted on the dates of our planned activities and look forward to welcoming anyone who enjoys music whether a musician or just a music fan.

Some fantastic times ahead for the club, its members, and all young people in the area.
