

What We Do..

PACS is a Performing Arts Club aimed at local people aged 8 to 18..and a club was based originally at the former St Johns Church in Gainsborough (hence the clubs name) now known as the X Church for the last year though we have been based at the St Johns Ambulance HQ and United Reformed Church due to the extensive repair and maintenance required at the X Church. Our performances take place across local venues through the year. From March this year we established ourselves at the Gainsborough Methodist Church for rehearsals and performances.

We began the club during May 2007, offering various workshops, and producing concerts and shows with fully qualified tutors in the Performing Arts, which include Musical performance, Acting, Drama, Singing and Stagecraft. Members also have the opportunity to use music and lighting technology.

PACS had been inspired by local youth after initial market research carried out during December 2006/January 2007 identified a genuine need for such a club.

Who has joined PACS...

Since our official launch during July 2007, we have had a great response from local children and teenagers, from Trent Valley Academy, Queen Elizabeths High School, Parish Church School, Warren Wood School, Aegir School and North Lincolnshire College..who continue to work together very, very well.

A total of around 200 children now have attended our group to date. This has helped the club establish links across Gainsborough and beyond really. We are so grateful to our members and volunteers, who, through their committment , have shown just how much you can achieve!

Our Events to Date

2007
